About Me

As a prospective Electrical and Electronic Engineering (EEE) student, I have a firm and determined spirit. Despite encountering various academic challenges, I have demonstrated an unwavering commitment to overcoming obstacles and fostering personal and professional development. These experiences have instilled in me a strong work ethic, adaptability, and an unbridled passion for resolving complex problems.

Education

B.Sc in Electrical and Electronics Engineering	2020 – Present
Islamic University of Technology	
Current Semester: 7th	
Classification: 3.34	
HSC	2019
Notre Dame College	
Classification: 5.00	
SSC	2017
Monipur High School and College	
Classification: 5.00	

Experience

Industrial Attachment	May-June (2023)
Bangladesh Power Development Board, Norshingdi	

Tasks:

- Participating in site visits and surveys for new power projects.
- Learning about power generation, transmission, and distribution processes

Projects

- Fetal Health Classification using Machine Learning Algorithms
- Binary to Gray converter
- Implementation Of SAP -1 using Proteus
- Micro-controller based system design of a Calculator
- Brain MRI Classification using DWT & PCA
